

Press Release

Amina Appoints Evolution Audio Video as Canadian Distributor of Hidden Speakers

[NewsWireToday](#) - /newswire/ - Cincinnati, OH, United States, 09/15/2008 - **Addition of Evolution Audio brings more than 300 Canadian retailers and custom installation specialists to the growing Amina global distribution network.**

Amina Technologies, a leader in invisible sound solutions, is proud to announce the appointment of Evolution Audio Video as its exclusive distributor of Amina Plaster-In-Wall speakers throughout Canada. With its 30 years of brand-building experience, Evolution brings access to more than 300 Canadian retailers and custom installation specialists to the growing Amina global network. "We're extremely excited to have Evolution Audio Video on our global team," says Richard Newlove, managing director of Amina Technologies, a U.K.-based company. "Evolution Audio Video brings the premier sales and marketing experience that is vital to our continued success in North America."

Saxe Brickenden, president of Evolution Audio Video, comments, "Never before have I heard such a product sound musical and dynamic, yet be completely invisible. We're looking forward to a long and prosperous relationship with Amina."

About Amina Technologies

Amina Technologies Ltd (aminatechnologies.com) is the world's leading supplier of custom, completely invisible loudspeaker solutions. Using a revolutionary sound technology, Amina flat panel speakers are engineered to provide incredible, invisible sound for luxury homes and high-end commercial spaces. Architects, interior designers, and audio installers can now work together in harmony to design a sound system that results in absolutely no visual interference with the interior design.

Amina design and manufacturing headquarters are located in Huntingdon, UK, the heart of Britain's technology belt for aerospace panel production and electronics/audio design excellence. With innovative skills and technical resources at hand, Amina creates cost effective custom solutions for their distribution partners worldwide. In addition to managing sales and marketing offices in the USA and Canada, Amina distributes throughout Europe and the rest of the world via a network of global distributors.
